## PEET PIETERSE

CEO

Peet Pieterse joined *Coopers & Lybrand* (later *PricewaterhouseCoopers*) in 1997 after completing his post-graduate accountancy degree at the University of Pretoria in South Africa. He continued his training to become a chartered accountant while with the firm, then left in 2000 to join *Johnson & Johnson Medical (Pty) Ltd* as accounting manager. In 2004 he was admitted as an associate to the Chartered Institute of Management Accountants (CIMA) in the UK before relocating to the UK in 2005 where he joined a *Johnson & Johnson* sister company, *Janssen Cilag UK* and was responsible for corporate reporting, tax and account processing.

In 2006, he returned to South Africa to start his own accounting, auditing and tax practice. Peet is a registered auditor as regulated by The IRBA and is a member of SAICA, CIMA as well as SAIPA.

PPHC Global Inc. is primarily based in South Africa, looking after clients locally and abroad. We are registered with both the HMRC as well as SARS. Since we can assist taxpayers with their UK and SA tax requirements, you only have one point of call for all your tax compliance and advise. Our services includes tax registrations, submissions, and National Insurance (UK) for themselves and any business activity they pursue. We assist taxpayers with effective tax planning, company formation and general business advice.

For South Africans that relocated to the UK and started up a new business we can explain the relevant requirements using the SA equivalent as an example, making it easier to understand and be compliant. Individuals who relocate often still have assets in South Africa being it rental income or interest earned. PPHC Global can assist you to declare this income in both countries. There is a Double Tax agreement between SA and the UK that limit the amount of tax payable and it is therefore important to ensure that your returns are completed correctly.
